## EXPERIENCE

LEARN WITH SANSKAR YT CHANNEL | FOUNDER

Sept 2021 – Present

- Learn with Sanskar : This is a YouTube channel where I post educational content for students. Channel link: <https://www.youtube.com/channel/UCOAZ3Ws21kX5d7mov543HsQ>

GREENSTAND | CONTRIBUTOR

Sept 2021 – present

- Greenstand is a community focused at finding solutions for poverty and climate change through technology.

HASH INKLUDE | FOUNDER

Sept 2021 – present

- - This is a community which is aimed at bridging the information gap among the students of tier 2, tier 3 college students and promoting Open-source.

## SKILLS

PROGRAMMING LANGUAGES	C++, Java, Python, Dart, JavaScript
LIBRARIES/FRAMEWORKS	ReactJs, Flutter, Django

## PROJECTS / OPEN-SOURCE

COVID - 19 TRACKER | LINK

Javascript, React

I built a Covid-19 tracker using ReactJS. It was an extensive build. It shows the number of daily and total cases of COVID-19 worldwide and country-wise. It also has graphs and map.

CONTRIBUTED TO LIBRE OFFICE DOCUMENTATION | LINK

I made some upgrades to the LibreOffice documentation. I made separate links to various features under TEXT function.

WHATSAPP- CLONE | LINK

Firebase, React

I made a Whatsapp clone, with this project I learned about one to one messaging and learnt to use Firebase database.
